Deep Bhavsar Toronto, Ontario, CA | **(548)-922-4300** | bhavsardeep14@gmail.com | **in:** deep-bhavsar-217107192/

PROFESSIONAL SUMMARY

ITIL v4 Foundation & MS-900 –certified IT Service Desk Analyst with **3+** years of **Tier 1–2** support experience delivering reliable end-user, application, and endpoint support across Windows, macOS, and mobile environments. Strong background in **IT Service Management (ITSM)**, including **incident, request, and change management**, with proven ability to meet SLA/OLA targets while maintaining high customer satisfaction (98–99% CSAT). Experienced in Active Directory, Microsoft Entra ID (Azure AD), Microsoft 365, Intune (MDM), MFA/SSO, imaging tools, and networking fundamentals (TCP/IP, DNS, DHCP, VPN). Known for clear communication, structured documentation, and dependable onsite and remote support in fast-paced enterprise environments.

TECHNICAL SKILLS

ITSM, Networking & Security: ServiceNow (incident, request, change, SLAs), JIRA, Confluence; TCP/IP, DNS, DHCP, VPN; MFA/SSO, endpoint security, ITIL practices
Microsoft, Cloud & Tools: Microsoft 365, Exchange Online, Active Directory, Entra ID, Intune (MDM), Azure; AWS fundamentals (EC2, S3, IAM, VPC); PowerShell, CMD, Wireshark; RDP, AnyDesk, TeamViewer, UltraViewer; documentation & KBs
End-User Support: Windows 10/11, macOS, Linux; desktops/laptops, printers, AV, mobile devices; imaging, patching, onboarding/offboarding, asset management, onsite & remote support

PROFESSIONAL EXPERIENCE

IT Service Desk Analyst Sept 2024 – Apr 2025
University Of Guelph, Guelph, Canada

- Delivered onsite and remote Tier 1–2 support for a large academic environment, resolving hardware, software, AV, and network issues while maintaining **98%+ SLA compliance**
- Managed and prioritized **150+ monthly tickets in ServiceNow**, ensuring accurate documentation, ITIL-aligned incident handling, and timely escalation
- Administered Microsoft 365 and Entra ID (Azure AD), supporting user access, licensing, group membership, MFA setup, and access control for faculty and staff
- Reduced repeat incidents and resolution time by performing advanced desk-side troubleshooting, root-cause analysis, and collaborating with internal teams on permanent fixes

IT Support Specialist Oct 2022 – Nov 2023
Compucare India Pvt. Ltd., Gujarat, India

- Served as first point of contact for **500+** enterprise users, handling high-volume Tier 1–2 support and consistently meeting SLA targets
- Strengthened service reliability by logging, prioritizing, and escalating incidents in ITSM tools with audit-ready documentation
- Supported endpoint, identity, and collaboration services including Active Directory, Microsoft 365, onboarding/offboarding, and endpoint security
- Improved operational consistency by collaborating on root-cause analysis and creating SOPs, documentation, and standardized fix procedures

IT Helpdesk technician Sept 2020 – June 2021
Concentrix India Pvt. Ltd., Gujarat, India

- Delivered frontline hardware and software support for **35+ daily tickets** using **JIRA**, maintaining **99% customer satisfaction**
- Supported secure access technologies including VPN, MFA, and authentication systems to ensure business continuity
- Improved Tier 2 efficiency by maintaining detailed incident documentation and knowledge articles in Confluence
- Supported asset tracking and hardware lifecycle management while developing strong customer-facing communication skills
